OBSERVATIONS AND INTERPRETATIONS

The following incident occurred inside apartment #7 of a multi-level, multi-tenant, apartment complex. The perimeter of the apartment building was secured with crime scene tape in multiple areas.

Lying on his back in the master bedroom was an adult male identified as Matthew Tuhkanen. He was wearing a

dark-colored sweatshirt, a dark-colored shirt, black shorts, grey sweatpants, and multi-colored shoes. The grey sweatpants were wet and there were areas of blood-like substance (BLS) on his sweatshirt and shirt. His eyes and mouth were open and there were areas of BLS on his face. Medical bandages were on his right shoulder and torso. There were areas of BLS and two suspected gunshot wounds on Tuhkanen's torso. Both of his arms were bent at the elbows and Tuhkanen's hands were behind his back. His right leg was straight and his left leg was bent at the knee. There were areas of BLS on the floor, wall, and a blanket near Tuhkanen.

A cartridge case [Evidence Marker (EM) 1], marked "9MM FC LUGER", was near the door frame in the master bedroom. Two cartridge cases (EM 2 and EM 3), marked "9MM FC LUGER", were on the floor near the door. A cartridge case (EM 4), marked "9MM FC LUGER", was in the closet. A plastic toy hammer (EM 5) was on the floor. An open medical bag was on the nightstand. An oxygen tank was on the bed. A hose ran from the oxygen tank to a bag valve mask positioned on the floor in the bedroom. Multiple gloves and medical packaging were scattered in the room. A tablet (EM 10), with a blue case and charger, was on the bed. A cigarette butt (EM 9) was on the floor near Tuhkanen.

A phone (EM 6) and a medication bottle (EM 7), in Matthew Tuhkanen's name, were on the bathroom counter. Another medication bottle (EM 8), in Matthew Tuhkanen's name, was in the bathroom vanity.

Detective Nybeck provided a copy of a search warrant, signed by Judge Regis, to search and process the scene for items of evidence.

Investigator Burkhalter, from the Hennepin County Medical Examiner's Office (19-0460), arrived on scene at approximately 2309 hours. During his initial assessment suspected gunshot wounds were revealed in his right shoulder and right arm. Two suspected bullet holes were revealed in Tuhkanen's sweatshirt and his shirt. Tuhkanen hands were handcuffed behind his back. A black jacket (EM 11), with miscellaneous items inside the pockets, was near Tuhkanen's feet.

A coffee table was on its end in the living room. A book, marked "A Gathering of Spies", was inside of a dresser. A piece of paper, with a white powdery substance, was inside the book.

A further search of the master bedroom was conducted. A metal object with a pink handle (EM 12) was on the bed. A shot shell flashlight (EM 13) was under the bed. A knife (EM 14) was between clothing items on the shelf in the closet. A medication bottle (EM 15), in Matthew Tuhkanen's name, was in the top dresser drawer.

PROCESSING RESULTS

Photographs of the scene were taken.

I collected the following items:

- Tablet with blue case and charger (EM 10)
- Black jacket with miscellaneous items inside pockets (EM 11)
- Metal object with pink handle (EM 12)
- Shot shell flashlight (EM 13)
- Knife (EM 14)
- Medication bottle from dresser in bedroom (EM 15)

CSI Ware collected the following items:

- Cartridge cases in bedroom (EM 1 - 4)
- Cigarette butt (EM 9)

CSI Kipka collected the following items:

- Plastic toy hammer (EM 5)
- Phone on counter in bathroom (EM 6)
- Medication bottle on bathroom counter (EM 7)
- Medication bottle in bathroom vanity (EM 8)

Description of Items Examined:

- Item 0001 Envelope containing cartridge case on floor near door frame (Evidence Marker 1)
- Item 0002 Envelope containing cartridge case on floor near door (Evidence Marker 2)
- Item 0003 Envelope containing cartridge case on floor near door (Evidence Marker 3)
- Item 0004 Envelope containing cartridge case on floor in closet (Evidence Marker 4)
- Item 0016 Envelope containing cartridge from chamber of Glock pistol bearing number YYY931

- Item 0018 Envelope containing magazine with 19 cartridges from magazine pouch of Officer Heffernan's duty belt
- Item 0019 Envelope containing magazine with 19 cartridges from magazine pouch of Officer Heffernan's duty belt
- Item 0020 Envelope containing magazine with 19 cartridges from magazine pouch of Officer Heffernan's duty belt
- Item 0021 Box containing a Glock pistol bearing number YYY931 from duty belt of Officer Heffernan
- Item 0021-01 Envelope containing 5 bullets & cartridge cases test fired from Item 21 with borepatch taken prior to test fires

Results / Interpretations / Opinions:

Examination of Item 21 (a Glock Model 17Gen4 9mm Luger caliber pistol bearing serial number YYY931) showed the safety mechanisms to be functional. Item 21 was test fired five times without malfunction using the magazine from Item 17 (a magazine containing fifteen cartridges) and five cartridges from Item 18 (a magazine containing nineteen cartridges).

Comparative examinations of Items 1 through 4 (four cartridge cases) against Item 21-1 (cartridge cases test fired from Item 21) showed the presence of matching features. This means that Items 1 through 4 were fired in Item 21.

Items 16, 19 and 20 (one cartridge and two magazines loaded with nineteen cartridges) were not used to test fire
