The Be@School mission is to address barriers to school attendance for Hennepin County’s K-12 students and their families through early interventions which are collaborative and family-focused.
*Calculations to determine agency engagement percentages are based on data from BASIL. The number of total referrals sent to the agency is an unduplicated number. A case is defined as “opened” if a signed Release of Information (ROI) form was uploaded into BASIL by the agency.

**When combined, the number of reports for students ages 5-11 and 12-17 may not equal the number of total referrals sent to the agency. A case may change from one age group to another throughout the school year based on the child’s age on the date each individual report is submitted. For example, a student may be 11 years old at Report 1, but turn 12 years old by the time Report 2 is submitted.
